

April 7, 2025

The Honorable Debbie-Anne Reese
Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

**Re: California Independent System Operator Corporation,
Docket No. ER06-615-_____
Informational Filing per CAISO Tariff Sections 30.4.5.4.5 and 39.7.1.3.2
Request for Privileged Treatment Under 18 C.F.R Section 388.112**

Dear Secretary Reese:

The CAISO submits this informational filing containing the rates or formulas used to calculate negotiated default energy bids, variable operations and maintenance adders, and opportunity costs for the month of March 2025. In these reports, the CAISO includes information on new, revised, or terminated rates and formulas that were implemented in the preceding month. In March 2025, the CAISO terminated one (1) and revised forty-two (42) variable operation and maintenance adders (Attachment A). There were no new variable operation and maintenance adders; no new, revised, or terminated opportunity cost adders; and no new, revised or terminated negotiated default energy bids in March 2025.

On January 1, 2022, the California Independent System Operator Corporation (CAISO) implemented new tariff rules applicable to variable operations and maintenance adders set forth in CAISO Tariff Section 30.4.5.4.5. The new variable operations and maintenance adders replace the major maintenance adders, and the custom operations and maintenance adders.

Section 20.2 of the CAISO tariff requires that the CAISO treat individual bids from scheduling coordinators as confidential. Negotiated default energy bids and start-up and minimum load costs, which include variable operations and maintenance adders, are components of bids. Accordingly, pursuant to section 20.2 of the CAISO tariff, the CAISO has labeled the documents included with this filing as confidential. In addition, the documents contain proprietary information regarding specific generating units, such as unit efficiency factors, scaling factors, and operation and maintenance costs. For these reasons, the Commission should accord these attachments privileged treatment

pursuant to Section 388.112 of the Commission's regulations.

Please contact the undersigned if you have any questions or concerns regarding the foregoing.

Respectfully submitted,

By: /s/ Sarah E. Kozal
